Dear Applicant,

Well Dunn Foundation (WDF) has established an internship program as a way to help talented young people who are involved or aspire to work in the production and operations side of the music entertainment business. We encourage applications from those who are involved in theater, festivals and other music entertainment as crew or volunteers.

The Internships are based on merit, participation, recommendations, and sincerity. All applications are held in strict confidence by the WDF selection committee. The number of internships awarded, as well as the amount of each cash stipend will vary depending upon the number of qualified applicants and how many companies agree to provide meaningful internships.

2. Volunteer experience or documented working in the music, festival or entertainment business.
3. Time available to commit to an internship that will be between 3 and 5 months matching fall, spring or summer semesters and willingness to relocate for the period of the internship to the sponsoring companies' internship location.
